

Welcome to the Etobicoke Camera Club

Season 2018-2019

We are very happy to welcome you as a new member with ECC. We are a volunteer-run organization dedicated to the enhancement of skills and the enjoyment of the art and science of photography. Our club achieves its mission by the promotion of fellowship within the organization and through a program of social, educational and entertainment activities. We also initiate and/or support photographic activities aimed at enhancing the quality of community life.

In addition to our regular Monday meetings, we maintain communication with members through our periodic emails, via our website, our newsletter...the Viewfinder and our Photo Galleries displaying competition images.
