Friendly Competition at the Christmas Social

The Competition at this year's Christmas Social was a little different from previous years.

Members were encouraged to submit two images, with the following criteria:

The topic was to an image that was suitable for us on an annual holiday card and should include:

- a holiday theme picture or that is applicable
- a holiday was required
- scenics could be used, but humour can also be incorporated into the image
- colour and/or black and white were acceptable
- text and borders were allowed, however CLIP ART was NOT allowed
- As usual, the scoring was not included in the regular competition Scores.

Congratulations to our winners. Everyone enjoyed the beautiful images and the treats at the Social.
